DETAILED ACTION

Examiner's Statement of Reasons for Allowance

1. Claims 1-9 and 11-18 are allowed. The following is an examiner's statement of reasons for allowance: Independent claims 1, 11 and 14 have incorporated the limitation "detecting a reflected location *at where* the electron beam is reflected from the wafer" (emphasis added). As stated on page 9 of applicants Remarks, the measurements of the prior art are performed on a plane not at the location of the magnetic head. The inclusion of the above limitation in combination with the remainder of the claims limitations makes it clearly distinguished from the prior art. The prior art fails to teach or reasonably suggest the claimed exposure methods or apparatus' of the present invention. Claims 2-9, 12, 13, and 15-18 are allowed due to their proper dependence upon their respective independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
